[Numb. 819.]

THE South-Carolina Gazette.

From Monday *January* 22d, to Monday *January* 29th, 1750.

The SPEECH *of the Honourable* Spencer Phips, *Esq; Lieutenant Governor and Commander in Chief, in and over his Majesty's Province of the* Massachusetts Bay *in* New-England, *to the General Assembly, met at* Boston, *November* 23, 1749.

Gentlemen of the Council, and House of Representatives,

THE Administration of the Government of this Province, being by the Absence of his Excellency Governor Shirley devolved upon me, I take this Opportunity of my first meeting you in General Assembly, to assure you, That I shall use my best Endeavours to discharge this Trust, to the Honour of his Majesty's Government, and for promoting the true Interest of the Province; and therefore I shall readily concur with you in every Thing that may have a Tendency to forward the same.

I can now inform you, that the Treaty proposed by the Delegates of the *Eastern Indians* at the *May* Session, to be held in the Eastern Parts, between this Government and their Tribes, has been attended by the Gentlemen I commissionated, agreeable to the Appointment of the Governor before his Departure; and that the said Treaty was concluded in as full Submission of the several Tribes of *Indians* to his Majesty's Government, by the Delegates, as has been made by those Tribes in former Times.

I desire therefore that you would consider, as soon as may be, what is necessary to be done by this Court, (more especially with Relation to the Trade of the *Indians*) for fulfilling our Engagements to them in this Treaty, which the Secretary will lay before you, or whatever else we can do that may tend to render the Peace of them more firm and durable.

And among other Things, I must recommend to your Consideration what may be done by this Government, to prevent the Encroachments of the *French* upon the *English* Territories, by their exhorbitant Claim for extending their own beyond all the Limits which have heretofore been challenged or allowed.

I am informed that Commissioners have been appointed by his Majesty and the *French* King, to make a final Settlement of the Boundaries of *Nova-Scotia*: And if any Evidences for strengthening his Majesty's just Claim can be collected by us, and the Commissioners for *Great-Britain* furnished therewith in proper Season, it may be a happy Means for preserving his Majesty's Right, and preventing the ill Effects that may ensue (more especially to this Province) upon a wrong Determination of this Affair.

I congratulate you, *Gentlemen*, upon the Favour of Divine Providence in the safe Arrival of the Money allowed by the Parliament of *Great-Britain*, for our Expence in reducing *Cape-Breton*; whereby we are enabled in a good Measure to pay off the great debt contracted by the Charge of the late War, and now lying upon this Province; and we may by the Blessing of God upon our wise and faithful Management of this Advantage, deliver this Province from the Evils and Mischiefs (particularly the Injustice and Oppression) arising from the uncertain and sinking Value of the Paper Medium: And as I can make no doubt but that the Act of this Province for drawing in our Bills (upon the Faith of which we seem to be distinguished from the other Colonies in *New-England*, respecting the timely Payment of our Charges in the late Expedition) will be kept inviolate; so I would recommend to you, to make such other Provision as the Exigency of the Case may require, for rendering that Act more effectual for the good Ends designed thereby, especially for preventing the Silver Money going out of the Province; and for encouraging the Growth and Produce of this Province, so as to render us less dependent on the other Colonies for the Necessaries of Life. The Mention whereof leads me to observe, That as a more general Cultivation of our Lands, and thereby the Increase of the Produce of this Province, as well as the carrying on the Manufacturies in it, is greatly impeded by reason of the Scarcity of Labourers; may it not therefore deserve your Consideration whether something may not be done, to encourage industrious and well disposed *Protestant Foreigners* to come and settle among us; and whether some of our Acts, which require Security to be given by such as shall bring them hither, have not eventually (though beside the Intention of the Legislature) discouraged and prevented the Importation of many such; and whether the said Acts may not be so altered and amended, or such Provision by Law be made, as for the Future, may prevent so manifest and extensive an Inconvenience.

Gentlemen of the House of Representatives.

As no Supply of the Treasury for discharging the public Debts, and defraying the Charge of the current Year has as yet been made altho' the Year be so far advanced, I doubt not but it will be one of the first Things that will engage your Atttention, and that you will chearfully proceed to make such Supplies as may be sufficient for those Purposes.

Gentlemen of the Council and House of Representatives.

Although the Affairs I have mentioned, together with the other Matters of publick Concern, which will come under your Consideration at this Session, cannot be passed on and finished in a very short Time, though attended to with the utmost Diligence and Application; yet I hope you will give them all the Dispatch that the Nature and Importance of them will permit, that so this Session may not be protracted to a much greater Length than has been usual, or than would be comfortable at this Season of the Year.

S. PHIPS.
